MAVERICK ADVISING

IMPACT ADVISING FROM IMPACT MAKERS

Are you ready to make your gifts go further? Our curated advising will help you give like a Maverick – leveraging your financial, intellectual, and social capital to create the meaningful change our world needs.

Since 2013, [Maverick Collective](#) – founded by global health nonprofit [PSI](#), Melinda French Gates, and Her Royal Highness the Crown Princess of Norway – has pioneered a unique model of experiential philanthropy with our community of women philanthropists.

Now, our philanthropic advising team is available to anyone who wants to be more authentic, bold, and impactful in their giving. We'll help you get organized, get focused, and elevate your impact, across any issue area from health to climate change to gender equity to education and more.

STEP 2: Complete our "Reflection Survey" to organize your thoughts and share your approach to giving.

STEP 3: Join a 30-minute session to review your survey and go deeper to better understand your goals.

STEP 4: Receive tailor-made recommendations and, as appropriate, suggestions on where and how our services can level up your philanthropy.
